THE CORE OF NOW. EMBODYING
THE ESSENTIAL — the fusion of
nature and design, material and
emotion.

A collection rooted in the
quintessence of presence. Objects
that transcend the elements, translate
being into form.

This collection merges the raw
power of nature with the clarity of
shape. Stainless steel and natural stone
engage in a dynamic dialogue: cool
and warm, smooth and organic,
precise geometry and archaic texture.

BEYOND EVERYDAY. BEYOND
EXPECTED. **VALLONE® ATELIER**
redefines space — expanding it,
opening it, imagining it anew. Space
and object become an artistic unity, a
stage for sculptural design where art
and materiality converge.

Both provocative and calming,
holistic in its ambivalence, **VALLONE® ATELIER** is anything but mainstream.
It brings a new tonality to interior de-
sign, breaking norms and creating ob-
jects that tell stories — through design,
materiality, and concept.

TALKING SOUL: A repertoire
that plays with materials, reshapes the
familiar, and translates the perfection
of contrasts into wholeness. These
narrative works enrich spaces and
endure through time.

AERRA Balancing strength and lightness: Stainless steel combined with the raw beauty of marble. A sculptural basin console staging presence, rooted to the ground yet being seemingly weightless — shaping space with quiet power and elemental grace.

AERRA HAZE Meeting counterparts, the addition of a mirror surface. Like a clearing veil the mirror fades from blur to clarity, reflecting the essence. The interplay of visual lightness and dense materiality merges into an ethereal unity — a contrast that captures presence.

AERRA TAP The Essence of Form. Extraordinary depth in perfect simplicity. Reduced to the maximum, this tap combines all functions in a single, refined presence. Its compact visual language is calm, simple, and unmistakably strong.

ETERNO Center of tranquility. Gentle curves lead to a calm presence, becoming a place of reflection. Echoing harmonious forms and suspending the perception of space this basin embodies the unchanging: permanence, strength, and eternity.

SOTO Redefining curves, carving space. The solidity of marble translated into gentle curves. Archaic textures, raw in their essence, are creating forms of materiality, with strong sensory effects. The quintessence of nature, shaped into sculptural elements.

SOTO BENCH As an extension of **SOTO**, the Bench draws on archaic textures — raw in their essence — shaping materiality into a lasting bond, into a form with a powerful sensory presence.

ZÉON it's about the art of balance. Rooted in strength, emerging through grace. Uniting the power of untamed nature with the clarity of reflection. Interacting by using the contrast between lightness and stability and creating balance in the imbalance.

CREE CLAY Raw and delicate in its haptic. Creating subtle elegance through a perfectly balanced form. The effect: floating levitation. An extraordinary refinement carries the essence of the design concept, shifts it into the centre of gravity and gives it a new tone.

TRANSFORMING SPACE
into a stage of presence,
product into essence. It is an
experience of space, a play
of textures that awakens
the senses. These objects
demand to be perceived
— acknowledged and felt.

Materiality and form
that embrace the past and
shape it for the present.

THE CORE OF NOW.
THE APPROACH

THE RESULT:
A balance of permanence
and sensuality. **THE
CORE OF NOW.** is not a
reduction to substance, but
an expansion — embracing
the element that connects
everything.
