

ETERNO Center of tranquility. Gentle curves lead to a calm presence, becoming a place of reflection. Echoing harmonious forms and suspending the perception of space this basin embodies the unchanging: permanence, strength, and eternity.

SOTO Redefining curves, carving space. The solidity of marble translated into gentle curves. Archaic textures, raw in their essence, are creating forms of materiality, with strong sensory effects. The quintessence of nature, shaped into sculptural elements.

SOTO BENCH As an extension of SOTO, the Bench draws on archaic textures — raw in their essence — shaping materiality into a lasting bond, into a form with a powerful sensory presence.

ZÉON It's about the art of balance. Rooted in strength, emerging through grace. Uniting the power of untamed nature with the clarity of reflection. Interacting by using the contrast between lightness and stability and creating balance in the imbalance.

CREE CLAY Raw and delicate in its haptic. Creating subtle elegance through a perfectly balanced form. The effect: floating levitation. An extraordinary refinement carries the essence of the design concept, shifts it into the centre of gravity and gives it a new tone.

TRANSFORMING SPACE
into a stage of presence,
product into essence. It is an
experience of space, a play
of textures that awakens
the senses. These objects
demand to be perceived
— acknowledged and felt.
Materiality and form
that embrace the past and
shape it for the present.

THE CORE OF NOW.
THE APPROACH

THE RESULT:
A balance of permanence
and sensuality. THE
CORE OF NOW. is not a
reduction to substance, but
an expansion — embracing
the element that connects
everything.

THE CORE OF NOW. EMBODYING THE ESSENTIAL — the fusion of nature and design, material and emotion.

A collection rooted in the quintessence of presence. Objects that transcend the elements, translate being into form.

This collection merges the raw power of nature with the clarity of shape. Stainless steel and natural stone engage in a dynamic dialogue: cool and warm, smooth and organic, precise geometry and archaic texture.

BEYOND EVERYDAY. BEYOND EXPECTED. **VALLONE® ATELIER** redefines space — expanding it, opening it, imagining it anew. Space and object become an artistic unity, a stage for sculptural design where art and materiality converge.

Both provocative and calming, holistic in its ambivalence, **VALLONE® ATELIER** is anything but mainstream. It brings a new tonality to interior design, breaking norms and creating objects that tell stories — through design, materiality, and concept.

TALKING SOUL: A repertoire that plays with materials, reshapes the familiar, and translates the perfection of contrasts into wholeness. These narrative works enrich spaces and endure through time.
